**Note 1:** The “ICS Accepted” and “Test Report accepted” dates are decided by OSPT Alliance depending on the objectives of interoperability.

**Note 2:** During an ongoing certification, a Vendor can decide to use:

- The latest version of the Test Plan or Errata Versions independently of the PRF or ICS delivery date, or
  - The Test Plan or Errata Versions applicable at the date of the delivery of the PRF,
- But only if OSPT Alliance does not explicitly mandate migration to the latest version.
